

Summit County

FORM C - SUBSTANCE USE PREVENTION NARRATIVE

3 Year Plan (2024-2026)

With the intention of helping every community in Utah to establish sustainable [Community Centered Evidence Based Prevention](#) efforts, fill in the following table per the instructions below.

Not every community will be at optimal readiness nor hold highest priority. This chart is designed to help you articulate current prevention activities and successes as well as current barriers and challenges. Please work with your Regional Director if you have questions about how to best report on your communities. For instructions on how to complete this table, please see the [Community Coalition Status Tool](#) here.

List every community in your area defined by one of the following:

1. serving one of the [99 Small Areas](#) within Utah
2. serving the communities that feed into a common high school
3. any other definition of community with OSUMH approval.

*All "zero" or "no priority" communities may be listed in one row

CCEBP Community	CCEBP Community Coalition Status (see tool here)	Priority High Medium Low	Notes/Justification of Priority	List of Programs Provided (if applicable)	Evidence Based Operating System (e.g. CTC, CADCA Coalition Academy, PROSPER)	Links to community strategic plan
Park City	E	High	The Summit County Mental Wellness Alliance/Prevention Committee has been meeting for the last year and has worked on some projects together.	Guiding Good Choices Spanish and English, Botvin Prescription drug curriculum, Parents Empowered, presentations in schools, and community events and presentations.	The Alliance is not using an Evidence-Based System.	https://summitcountyhealth.org/wp-content/uploads/2022/12/Strategic-Plan-2022-Ratified-copy.pdf
South Summit	A5	Medium		Guiding Good Choices Spanish and English, Botvin Prescription drug curriculum, Parents Empowered, presentations in schools, and community events and presentations.		
North Summit	A5	Medium		Guiding Good Choices Spanish and English, Botvin Prescription drug curriculum, Parents Empowered, presentations in schools, and community events and presentations.		

Area Narrative: Over the next three years, what will the LSAA do to support/enhance community-driven evidence-based prevention? What are the goals or expected outcomes for the LSAA, and how will they be reached? Area Narrative

The Summit County Prevention team is working to put together a youth coalition to work on prevention topics and bring information to parents and youth in Summit County. Working with the youth will help us understand their needs and interests in prevention. This way, we can reach them with messaging they will understand and be interested in. The goal is to have the youth coalition established by the end of 2023. The Prevention Director is working with the Summit County Mental Wellness Alliance and is running the Prevention Committee. They have been meeting for the last year and have worked on projects like the SHARP Survey Campaign. Our messaging aims to build capacity and reach more community members.

North Summit:

Summit County Health Department Prevention Team has been working on building capacity, community readiness, and involving leaders in starting a coalition in their area. We have conducted a Readiness Assessment, and the results show they are in stage 3, a vague awareness of prevention. Key leaders like the mayor have been working with the prevention team to bring services and awareness to their community. We will continue our work in the community to engage more citizens and leaders to help them understand prevention science and see the need for a coalition.

South Summit:

Summit County Health Department Prevention Team has been working on building capacity and community readiness and activating leaders in the planning process for a coalition in their area. The team has been contacting key leaders to involve them in their work. We have

Please provide logic models on the Logic Models Tab

Provide a Logic Model by coalition and/or agency for each problem behavior being addressed funded by Block Grant, PFS, SOR, SPF Rx, or State General Funds. Make a copy of the blank one and paste below for each additional logic model needed.

Problem Behavior Goal										Reduce underage drinking by 3.4%		
Measures & Sources										16.4% of youth in 10th grade in Summit County report drinking alcohol in the past 30 days, as measured in the 2019 SHARP		
Agency/Coalition										Summit County Health Department/ Mental Health Wellness Alliance		
										Outcomes		
	Risk/Protective Factor	Local Conditions	Strategies	Focus Population: Universal Selective Indicated	Evidence Based: Link to Program Registry Link to EBW Tier Level Not Evidence Based	Cost	Short (process)	Medium (3 to 5 years)	Long (10 years)			
			1. EASY	Universal		Block Grant: \$200 PFS \$1000	Increase in # of compliance checks conducted					
		Parents serving alcohol to minors and supporting parties in which there is alcohol	2. Guiding Good Choices Spanish and English	Selective	https://www.blueprintsprograms.org/guiding-good-choices-ggc/	Block Grant: \$3,000 State General Fund: Discretionary: PFS \$7,000 SPL \$7,000		Parental attitudes favorable to ATOD will decrease from 17.4% in 2019 to 16.4% by 2025	Underage drinking will be reduced in 10th grade from 16.4% in 2019 to 13% in 2029			
Logic	Parental attitudes favorable to ATOD		3. Parents Empowered	Universal	Not EB	Block Grant: \$10,000 State General Fund: Discretionary: PFS \$10,000 SPL \$10,000						
Measures & Sources	2019 SHARP						1. Law enforcement data 2. Pre-Post test 3. SHARP	2025 SHARP	2029 SHARP			
	Risk/Protective Factor	Local Conditions	Strategies	Focus Population: Universal Selective Indicated	Evidence Based: Link to Program Registry Link to EBW Tier Level Not Evidence Based	Cost	Short (process)	Medium (3 to 5 years)	Long (10 years)
