

Wasatch County

Not every community will be at optimal readiness nor hold highest priority. This chart is designed to help you articulate current prevention activities and successes as well as current barriers and challenges. Please work with your Regional Director if you have questions about how to best report on your communities. For instructions on how to complete this table, please see the [Community Coalition Status Tool](#) here.

List every community in your area defined by one of the following:

1. serving one of the [99 Small Areas](#) within Utah.
2. serving the communities that feed into a common high school.
3. any other definition of community with CCA/HR approval.

*All "zero" or "no priority" communities may be listed in one row.

CCERP Community	CCERP Community Coalition Status (see tool here)	Priority High Medium Low	Notes/Justification of Priority	List of Programs Provided (if applicable)	Evidence Based Operating System (i.e. CTC, CACA, Coalition Academy, PROSPER)	Links to community strategic plan
Wasatch County - Wasatch High School Zone	EB	High	Reviewed Members by Sector and invited new members to maintain well rounded membership, conducted key leader survey's based on data assessment, continues to build/maintain capacity and develop implementation plan	All Stars, Love & Logic, Parents Empowered, Positive Action, Thrive for Life - Teens, Adult English, Adult Spanish, Strengthening Families	Strategic Prevention Framework	In progress of development

Area Narrative: Over the next three years, what will the LSAA do to support/increase community driven evidence-based prevention? What are goals or expected outcomes for the LSAA and how will they be reached? The Caring Community Coalition is supported by Wasatch Behavioral Health (WBH) and Wasatch County Health Department (WCHD) and follows the Strategic Prevention Framework model. It will continue to build capacity and fill gaps as needed. WBH will guide the coalition to identify evidence-based strategies to address factors identified in the [The Student Health and Risk Prevention \(SHRP\)](#)

In FY24, WBH Prevention services will work with a Key Leaders in Wasatch County begin exploring the possibility of starting a CTC Coalition. Because of the growth and development in Wasatch County, this is an opportune time to start discussions and coalition building.

Please provide logic models on the Logic Models Tab

Year 2 Updates

Additional coalition will be implemented with the existing Caring Community Coalition and Wasatch Latino Coalition still functioning. The current level of ESP will be continued.

Year 3 Updates

Goal is to have an additional coalition that is functioning with the existing Caring Community Coalition and Wasatch Latino Coalition still functioning. The current level of ESP will be continued.

Provide a Logic Model by coalition and/or agency for each problem behavior being addressed funded by Block Grant, PFS, SOR, SPF Rx, or State General Funds. Make a copy of the blank one and paste below for each additional logic model needed.

Problem Behavior Goal		Reduce Underage Drinking by 3%							
Measures & Sources		13.4% of youth in grades 6-12 report drinking alcohol in the past 30-days as measured on the 2021 SHARP survey for Wasatch County LSAA							
Agency/Coalition		Wasatch Behavioral Health/Caring Community Coalition							
Risk/Protective Factor	Local Conditions	Strategies	Population: Universal Selective Indicated	Evidence Based: Link to Program Registry Link to EBW Tier Level Not Evidence Based	Cost	Outcomes			
						Short (process)	Medium (3 to 5 years)	Long (10 years)	
Logic	Parental Attitudes Favorable to ASB 44%	36% Youth report getting alcohol at a party	Positive Action	Selective	Positive Action BluePrints	Block Grant: YPX \$29,000	Students attending program will show increase in knowledge of underage drinkings harm to a teen brain	Prenal attitudes favorable to antisocial behavior will decrease by 3% from 44% to 41% from 2021 to 2025	Underage drinking will decrease by 3% from 25% to 20% from 2021 to 2031
		33% of parents communicate expectations of NO alcohol use at least twice a year	Parents Empowered	Universal	Utah EBW Tier 3: Link	Block Grant: FPL \$15,000	Increase in % of parents who communicate No alcohol use expectations to kids		
Measures & Sources	44% of 6-12 Grades - 2021 SHARP Survey	1. 33% of parents communicate about no alcohol use 2021 SHARP. 36% of youth that drink report getting alcohol at a party--2021 SHAR					1. Pre/post test scores 2. Materials distributed, # of people at events, SHARP Survey 3. SHARP Survey	2025 SHARP Survey	2031 SHARP Survey

Problem Behavior Goal		Reduce Depression among youth by 5%							
Measures & Sources		62% of studentss 6-12 report moderate depressive symptoms							
Agency/Coalition		Wasatch Behavioral Health/Caring Community Coalition
