

Form C – Substance use prevention narrative

3 year area plan: FY 2027 – FY 2029

This plan outlines how the LA is utilizing sound prevention science to address substance misuse issues by reducing risk factors and increasing protective factors. The plan illustrates how the LA is supporting Community Centered Evidence Based Prevention (CCEBP) to increase implementation of evidence-based programs, strategies, events, and policies.

LA area plans should be informed by the planning process conducted by community coalitions.

1. Using the table, explain the LA's goals for coalition development over the next 3 years. List all identified communities whether there is a current coalition or not. Put N/A where necessary.

CCEBP community	<u>Current CCEBP rating</u> Provide the rating and description of the rating	List current phase (CTC or SPF) List more than 1 phase where appropriate List how many times the coalition has completed the process through phase 5	LA priority rating for each CCEBP community High/medium/low	Operating system used by the community (CTC, CADCA, etc.)	LA's plan to support this community
Wasatch: Caring Community Coalition	G -established coalition	6th time through SPF process. Assess 80% Build Capacity 60%, Plan 0% Implement 0%, Evaluate 0%	high	SPF - Strategic Prevention Framework	- staff to co-chair coalition, staff to lead programs, funding to support strategies

Jordanelle - Jordanelle Communities Coalition	D3 - in development, struggling/stagnant, preplanning	Phase 1 - 58%, Phase 2 - 2%	medium	CTC - Communities that Care	staff to co-chair coalition, staff to lead programs, funding to support strategies
Wasatch Latino Coalition	G-established	2th time through the SPF process. Assess 10% Build Capacity 40% Plan 0% Implement 0%, Evaluate 0%	high	SPF - Strategic Prevention Framework	staff to chair coalition, staff to lead programs, funding to support strategies

2. Using the table, explain why each program, strategy, event, or policy is being implemented by the LA. Add rows and tables as needed.

WASATCH Compliance Check Action Plan FY27

Substance: Marijuana				
Risk/protective factor	Program, policy, strategy, or event (one per table box)	Activities (what are you, your contractors, and coalitions doing)	Short term outcomes (risk factors) Make SMART*	Long term outcomes (substance) Make SMART
Youth Attitudes Favorable to Drug Use	Caring Community, Jordanelle Communities, and Wasatch Latino Coalition	- Support coalition strategies with funding and staff - Provide TA to Coalitions as they work through SPF & CTC	By 2028, Reduce Youth Attitudes Favorable to drug use by 4% from	By 2034, Reduce Lifetime Marijuana use by 2% from 3.3% in 2025

			16.3% in 2025 to 12.3% as reported by the Wasatch County LSAA SHARP Survey	to 1.3% in all grades as reported by Wasatch County LSAA SHARP Survey
Perceived Risk of Drugs	3rd Millennium Classrooms	• Coordinate with Juvenile Probation and Schools to refer students with violations • Provide online classes for referred teens	By 2028, Reduce Perceived Risk of Drug Use by 10% from 51.4% in 2025 to 41.4 as reported by Wasatch County LSAA SHARP Survey	
Parental Attitudes Favorable to Drug USe	Marijuana Prevention Campaign (R & R Partners)	• 1 Media Campaign on marijuana prevention	By 2028, reduce Parental Attitudes Favorable to Drugs by 4% from 9.3% in 2025 to 5.3% as reported by the Wasatch County LSAA SHARP Survey	
	Strengthening Families	• Hold two classes at WBH		
Opportunities for Prosocial Involvement	HYPE Youth Clubs (TMS, RMMS, WHS, DCHS)	• Support youth club strategies with funding and staff • Hold monthly club meetings • Educate peers, parents, key leaders • Advocate for policy affecting	By 2028, Increase Prosocial Involvement by 8% from 78.4% in 2025	

		youth	to 86.4% as reported on Wasatch County LSAA SHARP Survey	
--	--	-------	--	--

Substance: Alcohol				
Risk/protective factor	Program, policy, strategy, or event (one per table box)	Activities (what are you, your contractors, and coalitions doing)	Short term outcomes (risk factors) Make SMART	Long term outcomes (substance) Make SMART
Parental Attitudes Favorable to Drugs	Parents Empowered Campaign	- Hold 3 Parents Empowered Events targeted to parents of youth 2 media campaigns on underage drinking prevention	By 2028, Reduce Parental Attitudes Favorable to Drugs in all grades by 4% from 9.3% in 2025 to 5.3% as reported by Wasatch County LSAA SHARP Survey	By 2034, Reduce 30-Day Alcohol Use in all grades by 1% from 2.4% in 2025 to 1.4% as reported by Wasatch County LSAA SHARP Survey
	Strengthening Families	Hold two classes at WBH		
	Guiding Good Choices	Hold 1 class in Spanish		
Perceived Risk of Drugs	3rd Millennium Classrooms	Coordinate with Juvenile Probation and Schools to refer	By 2028, Reduce	

		students with violations • Provide online classes for referred teens	Perceived Risk of Drug Use in all grades by 10% from 51.4% in 2025 to 41.4% as reported by Wasatch County LSAA SHARP Survey	
Availability	Retailer Education	• Conduct Observational Scans to assess products, product placement, advertising • Provide feedback to retailer on observations • Educate retailer owner/manager on EASY Check process	By, 2028, Increase retailer outreach in Wasatch County by 67% from 13% in 2025 to 80% as reported on Observation Survey Tracking Sheets	
	Conduct Underage Buys	• Coordinate with law enforcement • Train underage buyers • Send letter to owner/manager on status of check • Follow up with law enforcement		
	SYNAR Compliance Checks	• Coordinate and assist with environmental scans • Support and assist with retailer recognition • Monitor completion of tobacco compliance checks		
Youth Attitudes Favorable to Drug Use	Caring Community, Jordanelle Communities, and Wasatch Latino Coalition	• Support coalition strategies with funding and staff • Provide TA to Coalitions as they work through SPF & CTC	Reduce Youth Attitudes Favorable in all grades by 4% from 16.3% in 2025 to 12.3% as reported by Wasatch County LSAA	

			SHARP Survey	
Opportunities for Prosocial Involvement	Caring Community Coalition	Coalition will sponsor and coordinate Family Dinner in the Park 1x	Increase Prosocial Involvement in all grades by 8% from 78.4% in 2025 to 86.4% as reported by Wasatch County LSAA SHARP Survey	
	HYPE Youth Clubs (TMS, RMMS, WHS, DCHS)	- Support youth club strategies with funding and staff - Hold monthly club meetings - Educate peers, parents, key leaders - Advocate for policy affecting youth		

Substance: Nicotine				
Risk/protective factor	Program, policy, strategy, or event (one per table box)	Activities (what are you, your contractors, and coalitions doing)	Short term outcomes (risk factors) Make SMART	Long term outcomes (substance) Make SMART
Youth Attitudes Favorable to Drug Use	Caring Community, Jordanelle Communities, and Wasatch Latino Coalition	- Support coalition strategies with funding and staff - Provide TA to Coalitions as they work through SPF & CTC	By 2028, Reduce Youth Attitudes Favorable in all grades by 4% from 16.3% in 2025 to 12.3% as reported by Wasatch County LSAA SHARP Survey	By 2034, Reduce Lifetime Vaping in all grades by 2% from 3.5% in 2025 to 1.5% as reported by Wasatch County LSAA SHARP Survey

Perceived Risk of Drugs	3rd Millennium Classrooms	• Coordinate with Juvenile Probation and Schools to refer students with violations • Provide online classes for referred teens	By 2028, Reduce Perceived Risk of Drug Use in all grades by 10% from 51.4% in 2025 to 41.4% as reported by Wasatch County LSAASHARP Survey	
	Catch My Breath	• Coordinate facilitation of program in 7th grade health at TMS & RMMS		
	Nicotine Prevention	• Provide education to 9th Grades Health Classes at WHS & DCHS		
Opportunities for Prosocial Involvement	HYPE Youth Clubs (TMS, RMMS, WHS, DCHS)	• Support youth club strategies with funding and staff • Hold monthly club meetings • Educate peers, parents, key leaders • Advocate for policy affecting youth	By 2028, Increase Prosocial Involvement in all grades by 8% from 78.4% in 2025 to 86.4% as reported by Wasatch County LSAA SHARP Survey	

3. What is your plan to ensure communities/coalitions follow a strategic planning process (SPF, CTC, etc.)? Provide evidence you will collect to show that this process was followed (CTC worksheets, logic models, etc.).

The coalitions will coordinate with the release of the SHARP data to implement and/or review the SPF/CTC process. This will be documented through coalition minutes, strategic plan/logic models. For the CTC coalition, the Milestones & Benchmarks Scorecard will be used.

4. How will the LA monitor and support coalitions in developing and utilizing quality logic models?

LA will offer TA as needed to coalitions. Logic Model training & review will be provided to the coalitions and they will assist in developing logic models for strategies and programs.

5. How will the LA ensure programs are evidence-based for substance use prevention?

Wasatch LSAA will select EB programs and strategies from approved registries such as Blueprints, CADCA, SAMSHA, CDC, and NHTSA. The Strategic Prevention Framework will also be utilized to ensure an effective framework for selecting programs and strategies. Wasatch LSAA currently uses and will continue to use evidence based programs, including, Guiding Good Choices, All Stars, Love & Logic, Catch my Breathe, Strengthening Families 7 - 17.

6. How are programs/strategies monitored for implementation fidelity?

Prevention staff and contractors are required to use reporting through mini grants and activity briefing reports. Programs are monitored for fidelity by ensuring facilitators are trained and certified by completing the EB program training, through attendance records and occasional visits by prevention staff during the implementation of the programs.

7. What is your plan to increase collaboration across the behavioral health continuum? In what ways may your strategies impact mental or physical health?

Wasatch County Wellness Committee is a sub committee of the Caring Community Coalition, they address mental wellness, suicide prevention, opioid misuse and injury prevention. This subcommittee reports back to the Caring Community, Jordanelle Communities and Wasatch Latino Coalitions. Through this process, collaboration on a wide spectrum of mental and physical health is covered across the board.

8. How will you provide services to all prevention populations (universal, selective, and indicated)? Or what are you going to do to increase the reach of your prevention services to include all prevention populations?

Through our prevention plan, we intentionally offer prevention strategies and programs to cover the all prevention populations as evidenced by our strategic plan. Additionally, the diverse coalitions and their members also provide strategies to cover the prevention populations as evidenced by membership lists and meeting attendance rolls.

9. Explain your sustainability plan for prevention funding. If you do not have a sustainability plan explain why, and tell us how you will meet this requirement by the next area plan due date.

- [WASATCH Sustainability Plan FY27 - Google Docs](#)

Prevention Block Grant funding for FY27 will provide .75 FTE for the Prevention Coordinator to oversee and deliver prevention programs in Wasatch County. These programs and strategies include Co-Chair two coalitions (CCC, JCC), oversee Wasatch Latino Coalition and Wasatch County Wellness Committee, oversee, coordinate, plan and help deliver HYPE youth clubs in two middle schools and two high schools, coordinate and deliver EB programs (Strengthening Families, Parents Empowered, GGC, Catch My Breath, All Stars, 3rd Mil Classrooms). Two coalitions (CCC, WLC) use the Strategic Prevention Framework and the 3rd coalition (JCC) is a CTC.

Other prevention funding will come from the opioid county settlement funds and E-cigarette, Marijuana and Other Drug Prevention Grant through Wasatch County Health Department. These funds will provide wages for 2.25 FTE contract employees as well as fund prevention programs, coalitions and youth clubs.

Due to funding cuts, many programs will be scaled back and prevention will be run on a much tighter budget narrowing down programs to maintain EBP, Parent's Empowered, and opioid mis use/prevention programs.

*SMART Goals are Specific, Measurable, Achievable, Relevant, and Time-bound.
