Treatment Episode Data Set (TEDS)

Discharge File Format and Definitions

Utah Department of Health and Human Services

Office of Substance Use and Mental Health

Official Document for FY2026 Data Submissions
Effective 07/01/2025

Updated: 6/30/2025

Change History

DATE	AUTHOR	VERSION	NOTES
4/14/2023	Tom J. Maggio	3.1.5	Updated Grammar and Spelling.
3/22/2023	Tom J. Maggio	3.1.4	Updated DSAMH to OSUMH
1/17/2023	Tom J. Maggio	3.1.3	Updated the DIAG verbiage on page 4 in the Codes Section.
5/24/2022	Tom J. Maggio	3.1.2	Editing and Formatting for FY2023
4/6/2022	Terrance Barker	3.1.1	Added "Treatment continued under different funding source" to Discharge Reason (field 12)
6/8/2020	Terrance Barker Justin Hyatt	3.1	Updated all field names. Order and content of fields didn't change (With exception to MAT – field 27). Updated Medication Assisted Treatment (Field 27) codes. Changed code (2) to "No MAT" and changed code (4) to "Buprenorphine". Updated Primary Diagnosis (Field 28) to include most current Primary Diagnosis.
2/21/2020	Justin Hyatt	3.0	Deleted fields: Enrolled in Education, DiagA2 – B3, EBPs. DLA Scores were moved to SUD Events file. Added Admission ID (Field 5) and added Medication Assisted Treatment field (Field 27).
8/9/2019	Kimberlie Raymond	2.1	Added rows 68 - 72
4/3/2019	Kimberlie Raymond	2.0	Added a Nonbinary option to gender to identify client's gender.
8/6/2018	Kimberlie Raymond	1.8.7	Updated notes in Secondary Discharge.
3/28/2017	Ryan Carrier	1.8.6	Updated for FY2018. Updated Tobacco Use notes to cover nicotine products including vaping.
7/1/2016	Sandra Cerchiari	1.8.5	Updated for FY2017.
5/27/2015	Sandra Cerchiari	1.8.4	Updated for FY2016, changed the DSM/ICD-10 code length and added free text field for comments.
7/15/2014	Sandra Cerchiari, Brenda Ahlemann	1.8.4	Updated for FY2015, removed outdated narrative, revised treatment episode section.
7/10/2013	Sandra Cerchiari	1.8.3	Added new variable to Employment and updated education notes.
4/25/13	Sandra Cerchiari	1.8.2	Updated for FY2014.
10/9/12	Sandra Cerchiari	1.8.1	Add client Medicaid ID #.
7/30/2012	Sandra Cerchiari	1.8	Fixed error by adding omitted 10th EBP field.
3/26/2012	Sandra Cerchiari	1.7	Updated for FY2013. Added Tobacco Use at discharge, EBP's and sequence date. Added file processing sort rules to narrative.
12/7/2011	Sandra Wissa	1.6.6	Updated SSN valid number rules.
4/22/2010	Casey Loveland	1.6.5	Updated for FY2011.
1/13/2010	Casey Loveland	1.6.4	Added text to narrative regarding changes in DORA and Drug Court status. Updated Social Support Codes to match Federal TEDS specification (released Jan 2010)
12/10/2009	Casey Loveland, Dori Wintle	1.6.3	Changed social support code (field 54) descriptions to match the Federal TEDS specification.
6/11/2009	Casey Loveland	1.6.2	Removed Other as a valid Discharge Reason code.
6/1/2009	Casey Loveland, Dori Wintle	1.6.1	Added Sub-contracting Patient Services section. Added DORA submission timeframe. Remove admission specific notes. Added new CSAT values to the social_support_cd field.
3/23/2009	Casey Loveland	1.6	Revised for FY2010. No significant changes.
9/30/2008	Casey Loveland	1.5a	Rename social_support_ind to social_support_cd. Remove SOMMS code value from the social_support_cd field.
05/07/2008	Casey Loveland, Dori Wintle	1.5	Renamed NOMS code value to SOMMS and added a new NOMS code to mark actual NOMS fields. Added new text to all NOMS fields that the data should be clinician verified. Fix field code descriptions (page 3)
04/02/2008	Casey Loveland	1.4	Added new SSN validation rules.

03/12/2008	Casey Loveland, Dori Wintle	1.0	Added new field: Participation in Social Support of Recovery Indicator (field 54). Updated fiscal year to 2009. Moved Change History section from page1 to page 2.
01/07/2008	Casey Loveland, Dori Wintle	.09	Removed definition for Inmate of an institution.
9/21/2007	Casey Loveland	.08	Added note on additional validation for Date of Last contact. Added note about when change records should be sent to the State.
8/1/2007	Dori Wintel, Casey Loveland	.07	Changed Service/Program Type Assessment Only to Assessment. Changed Assessment Only Service description. Fixed field cross references.
7/13/2007	Casey Loveland	.06	Added delete as a valid system transaction type code (field 1).
6/21/2007	Dori Wintle	.05	Added clarification on rules for submitting data under Limited Treatment and for DUI clients receiving only Prime for Life education services.
5/24/2007	Casey Loveland	.04	Added System Transaction Type Code field.
5/9/2007	Dori Wintle	.03	Added definition for the calculation of Length of Stay Episode and Modality. Changed dates on continuation in treatment to be consistent with Federal reporting requirements.
9/15/2006	Casey Loveland	.02	Added note about submitting data for multiple providers.
8/25/2006	Casey Loveland, Dori Wintle, Brad Loveland	.01	HLCI column name changed to SAMHIS Client ID. Added notes to Service/Program Types that are not required to have less than 5% of unknowns.

Introduction

NOTE: New content for FY2024 highlighted in *yellow italics.*

Two documents, the Client Data Record Format, and the TEDS Definitions, have been combined into one document to make it easier to know what is required. The last column in the following table is labeled "Code" and is used to describe each element as follows:

Codes

KEY: These fields are used to match discharge records with admission records. These data fields must be complete and accurate for both admission and discharge records.

SOMMS: These fields are required to be sent to the Federal Substance Abuse and Mental Health Administration (SAMHSA) by the State Outcomes Measurement and Management System (SOMMS) Subcontract. For each Local Authority area, these variables must have no more than 5% unknown or missing codes.

Service/Program Type Codes 0, 1, 2, 8 and 9 are not required to have less than 5% unknown or missing values.

Rows with the Co-dependent/collateral flag set to 'Yes' (1) are excluded when calculating unknown percentages.

NOMS: These fields are used to calculate National Outcome Measures.

FED: These fields are reported to SAMHSA.

STATE: These fields are not reported to SAMHSA but are still required by the State.

DIAG: Submit most current diagnosis. No diagnoses are required if the client is a Co-Dependent/Collateral.

NOTE: No blanks are allowed in the file except *where specified above. The middle name field and SAMHIS Client ID fields can also be left blank if not available.*
CSV File Generation Guidelines

1. All files should be submitted without a header row.
2. It is recommended that fields **NOT** contain extra spaces for padding. For example, if a field allows 11 digits but the code values only use 3 digits then 3 digits is an acceptable width for the field. Adding the spaces only increases the size of the file and slows down uploading and processing of files.
3. Non-required fields must either be blank or contain a valid value.
4. Commas are not allowed within the data in any field. (Commas are column

delimiters.)
5. Do not use quotes in any fields.
6. Do not insert blank lines between rows of data.

Supplemental Definitions

Client: A person who meets <u>all</u> the following criteria:
1. has an alcohol or drug related problem,
2. has completed the screening and intake process,
3. has been formally admitted for treatment or recovery service in an Alcohol or Drug Treatment unit operated or funded (fully or partially) by a State Alcohol or State Drug Authority, and
4. has his or her own client record.

If a person has only completed the assessment process and it is determined that they do not need treatment and therefore does not meet all the above criteria of a client, the person can still be included as a TEDS admission but must have a code of "Assessment" in the *Service/Program Type*.

*(A person is <u>**not**</u> a client if they have only completed a screening or intake process or has been placed on a waiting list.)*

Service/Program Type: (Field #9) – the service that the client is admitted or transferred into.

<u>Assessment</u>: All assessments performed must be reported. This code should be used if a person has completed the assessment process; regardless of if they need substance abuse treatment or not. *Records with this service code are not required to have less than 5% unknown or missing.*

<u>Detoxification, 24-hour service, Hospital Inpatient</u>: 24-hour per day medical acute care services for detoxification for persons with severe medical complications associated with withdrawal. To qualify under this service type, the service must also meet the specifications as outlined under **ASAM Level IV-D or Level III.7-D** which are as follows: 1) an organized service delivered by medical and nursing professionals that provides for 24-hour medically directed evaluation and withdrawal management in an acute care inpatient setting. Services are delivered under a defined set of physician-approved policies and physician-managed procedures or medical protocols. Or, 2) an organized service delivered by medical and nursing professionals, which provides for 24-hour

medically supervised evaluation and withdrawal management in a permanent facility with inpatient beds.
Records with this service code are not required to have less than 5% unknown or missing.

Detoxification, 24-hour service, Free-Standing Residential: 24-hour per day services in non- hospital setting providing for safe withdrawal and transition to ongoing treatment. To qualify under this service type, the service must also meet the specifications as outlined under **ASAM Level III.2-D** which are as follows: an organized service delivered by appropriately trained staff, who provide 24-hour supervision, observation and support for patients who are intoxicated or experiencing withdrawal. *Records with this service code are not required to have less than 5% unknown or missing.*

Rehabilitation/Residential, Hospital (other than detoxification): 24 hour per day medical care in a hospital facility in conjunction with treatment services for alcohol and other drug abuse and dependency. To qualify under this service type, the service must also meet the specifications as outlined under **ASAM Level IV** which are as follows: an organized service, staffed by designated addiction physicians or addiction credentialed clinicians and requires an interdisciplinary staff to care for patients whose acute biomedical, emotional, or behavioral problems are severe enough to require primary medical and nursing services.
Treatment is provided 24 hours a day, and the full resources of a general acute care hospital or psychiatric hospital are available.

Rehabilitation/Residential, Short Term: Typically, 30 days or less of non-acute care in a setting with treatment services for alcohol and other drug abuse and dependency. To qualify under this service type, the service must also meet the specifications as outlined under **ASAM Level III.7 or Level III.5** which are as follows: Level III.7—an organized service, staffed by designated addiction treatment personnel or addiction-credentialed physicians, that provides a planned regimen of 24-hour professionally directed evaluation, care, and treatment for addicted patients in an inpatient setting. Twenty-four-hour observation, monitoring and treatment are available; however, the full resources of an acute care general hospital or a medically managed inpatient treatment service system are not necessary. Level III.5—programs designed to address significant problems with living skills, that are accurately characterized by the intensity of the addiction treatment services and the highly structured program activity, where the resident's activities are

prescribed 24 hours a day until the resident demonstrates specified treatment progress. With increased staff training and nursing supervision, programs at this level can address the medical needs of residents who have slightly more severe medical problems.

Rehabilitation/Residential, Long Term: Typically, more than 30 days of non-acute care in a setting with treatment services for alcohol and other drug abuse and dependency; this may include transitional living arrangements such as halfway houses. To qualify under this service type, the service must also meet the specifications as outlined under **ASAM Level III.1 or Level III.3** which are as follows: Level III.1—offers low-intensity professional addiction treatment services at least 5 hours a week. This level of care is best understood in its component parts. The professional addiction treatment services provided in this setting are low-intensity outpatient services focused on problems in applying recovery skills. The other component is a structured recovery environment, staffed 24 hours a day. Level III.3—provide a structured recovery environment in combination with medium-intensity professional clinical services to support and promote recovery. Services generally are of medium intensity and are presented at a slower pace than in more intensive residential programs. Persons who are appropriately placed in this level of care are characterized by their need for a slower paced treatment presentation because of mental health problems or reduced cognitive functioning or the chronicity of their illness.

Ambulatory, Intensive Outpatient: As a minimum the client must receive treatment lasting two or more hours per day three or more days per week. To qualify under this service type, the service must also meet the specifications as outlined under **ASAM Level II.5 or Level II.1** which are as follows: involves a structured day or evening treatment program that may be offered before or after work or school, in the evening or on a weekend. Programs have the capacity to arrange for medical and psychological consultation, psychopharmacological consultation and 24-hour crisis services. In addition, they have active affiliations with other levels of care and can assist in accessing clinically necessary "wraparound" support services such as childcare, transportation and vocational training. Distinctions are made among various subtypes of Level II program as follows: Level II.5) generally provides 20 or more hours of clinically intensive programming per week based on individual treatment plans. Programs have ready access to psychiatric, medical and laboratory services Level II.1) generally provide nine or more hours of structured programming per week, consisting primarily of counseling and education around alcohol and other drug problems. The patient's needs for psychiatric and medical services are addressed through consultation or referral arrangements. II.1 differs from II.5 in the intensity of clinical services that are directly

available: specifically, II.1 has less capacity to effectively treat individuals who have substantial medical and psychiatric problems.

Ambulatory, Non-Intensive Outpatient: Treatment services including individual, family and/or group services; these may include pharmacological therapies. To qualify under this service type, the service must also meet the specifications as outlined under **ASAM Level I** which are as follows: organized non-residential services, which may be delivered in a wide variety of settings. Addiction treatment personnel or addiction credentialed clinicians provide professionally directed evaluation, treatment, and recovery services to persons with substance-related disorders. Such services are provided in regularly scheduled sessions of usually fewer than 9 contact hours a week.
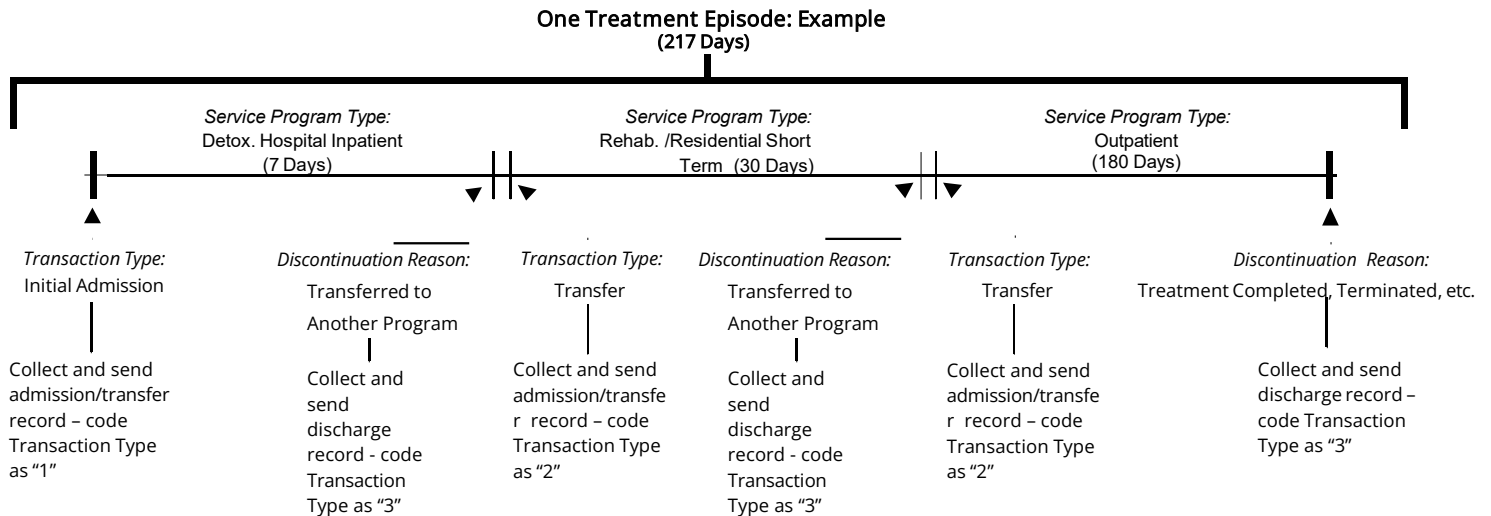

Ambulatory, Detoxification: Outpatient treatment services providing for safe withdrawal in an ambulatory setting – pharmacological or non-pharmacological. To qualify under this service type, the service must also meet the specifications as outlined under **ASAM Level I-D, or Level II-D** which are as follows: 1) an organized outpatient service, which may be delivered in an office setting, healthcare, or addiction treatment facility, or in a patient's home, by trained clinicians who provide medically supervised evaluation, detoxification, and referral services according to a pre-determined schedule. Or 2) an organized outpatient service, which may be delivered in an office setting, healthcare, or addiction treatment facility, by trained clinicians who provide medically supervised evaluation, detoxification, and referral services according to a pre-determined schedule. Essential to this level of care is the availability of appropriately credentialed, and licensed nurses (R.N., L.P.N.) for monitoring patients over a period of several hours each day of service. *Records with this service code are not required to have less than 5% unknown or missing.*

Limited Treatment: If a provider of services would like to submit data to the State for clients who are receiving services they would define as "limited treatment," the provider must submit a separate explanation or description of specifically what these services are. It should also be noted that any clients reported to the State under this service type are not included in any statistical reports produced by the State.

Records with this service code are not required to have less than 5% unknown or missing.

<u>DUI Prime for Life</u>: Clients receiving only education under the DUI Prime for Life program should not be reported as patients in TEDS and should be reported in the prevention data system. Clients receiving treatment, and who are also participating in the DUI Prime for Life program, should be reported as a patient in TEDS using the appropriate program type for the treatment they are receiving.

Treatment Episode: the period of service between the initiation of substance abuse treatment services for a client with a drug or alcohol abuse or dependency problem and the termination of services for that client, where no significant break in services has occurred. There is only one initial admission per episode. Therefore, if a client during a single episode of

One Treatment Episode: Example
(217 Days)

Service Program Type: Detox. Hospital Inpatient (7 Days)	*Service Program Type:* Rehab. /Residential Short Term (30 Days)	*Service Program Type:* Outpatient (180 Days)

Transaction Type: Initial Admission	*Discontinuation Reason:* Transferred to Another Program	*Transaction Type:* Transfer	*Discontinuation Reason:* Transferred to Another Program	*Transaction Type:* Transfer	*Discontinuation Reason:* Treatment Completed, Terminated, etc.
Collect and send admission/transfer record – code Transaction Type as "1"	Collect and send discharge record - code Transaction Type as "3"	Collect and send admission/transfer record – code Transaction Type as "2"	Collect and send discharge record - code Transaction Type as "3"	Collect and send admission/transfer record – code Transaction Type as "2"	Collect and send discharge record – code Transaction Type as "3"

treatment changes services/modalities, or providers, this event is considered a "__transfer__" rather than a new initial admission. For example, a client who has been in detoxification may complete this level of service and be transferred to a residential setting within the same treatment episode. This transaction should be reported as a **transfer**, <u>not</u> a new initial admission. A treatment episode should be assumed to have ended, and the client officially discharged from the treatment episode (if not discharged already), if the client has not been seen in 7 days in the case of an inpatient, residential, or detoxification and 30 days in the case of an intensive or general outpatient. Admissions and transfers must be sent in the TEDS Admit/transfer file format and Discharges must be sent in the TEDS Discharge file format as a separate file. **Clients returning for services after the elapsed time described need to be reported as an initial admission to a subsequent treatment episode.**

Discharge File

Admission Date is a KEY field in the Discharge File and has no validation requirements. It is used injunction with the other key fields to match Discharge records with Admission records.

Sub-contracting Patient Services:

When a Local Substance Abuse Authority (LSAA) subcontracts any patient services, it is the responsibility of the LSAA to collect necessary documentation from any sub-contracted provider necessary to maintain TEDS data reporting to the Division.

Drug Court Submissions:
If a client enters a Drug Court while already receiving treatment as a non-Drug court client, the client should be discharged from the current admission, and readmitted to the same level of care with an admission date as the start date of the Drug Court funding/supervision.

Client Name Validation Rules

TEDS file will have fields for the following parts of a name:
- Last name
- First name
- Middle name

Naming Rules: Names can be entered in upper case, lower case, or a mix.

Spaces: Allowed in first and middle names. NOT allowed in last names.

>*Example:*   *Mc Donald*   *should be entered as*   *McDonald*
>   *De La Cruz*   *should be entered as*   *DeLaCruz*
>*Example:*   *Le Ann Mary Ann Mc Cartney*
>   *Can be entered as:*
>   *First:*   *Le Ann*
>   *Middle:Mary Ann*
>   *Last:*   *McCartney*

Hyphens: Allowed in first, middle and last names. It is the only allowable punctuation character allowed.

Examples:
(last name) Smith-Jones should be entered as   *Smith-Jones*
(first name) Jo-Ann   *should be entered as*   *Jo-Ann*
(last name) O'Rilley   *should be entered as*   *ORilley*
(last name) St. James   *should be entered as*   *StJames*
(first name) D'Ann   *should be entered as*   *DAnn or D Ann*

Numeric characters: Not allowed in any name.

First name is an initial: The initial can be entered in the first name field but no periods.

Middle name: If there is no middle name or it is not available, leave it blank. Supply the full legal middle name where possible and the middle initial if that is all that is available. Periods are not allowed.

Second name: Enter the second name in the middle name field.

Example: *J. Edgar Hoover*

>   *First name: J (no period)*
>   *Middle name: Edgar Last*
>   *Name: Hoover*

Enter legal names rather than nicknames.

Example: "Bill" should be entered as William
        "Bob" should be entered as Robert.
        "C.J." should be entered as Carlos as a first name and James as the middle.

Titles, Prefixes, Suffixes: not allowed.

Naming rules synopsis:

Character	Last Name	First and Middle Names
Alpha Characters	Allowed	Allowed
Hyphen	Allowed	Allowed
Spaces	Not Allowed	Allowed
Apostrophe	Not allowed	Not allowed
Numeric Characters	Not allowed	Not allowed

Submitting for Multiple Providers

TEDS Discharge files can contain data for more than one provider per file. SAMHIS backend processing engines associate data in TEDS Discharge files to the provider ID specified on every row in the file.

File Processing Sort Rules

TEDS Discharges
Sorting as follows with subsequent sort rules applying within the 'parent' sort rule.
  -System Trans Type (Delete, Add and then Change)
  -TEDS Provider ID (alphanumeric ascending)
  -Provider client ID (provider's) (alphanumeric ascending)
  -Admission ID (numeric ascending)
  -Admit date (chronological)
        - sequencing date (for change records)

	Name and Description	Allowed Values	Format	Required	% Unknown	Definition	Code
1	SystemTransactionType	A - Add D - Delete C - Change	string (1)	Yes		Add is for adding new rows. Delete is for removing rows from SAMHIS. Submit a delete row in conjunction with an Add row to fix a key field that has changed. Change is for updating an existing row with new updated information for an existing admission. Update cannot be used to fix a key field change. For Add and Change system transaction type codes all fields must be supplied with valid data in each field. Only difference will be that a change record will error out if an existing admission record is not already found. Change records should be sent anytime one of the data elements in the spec are modified or when needing to change a baseline or discharge value for a NOM data element. For Delete records all the key fields must be supplied. The rest of the fields can be filled-in or left blank. Remember that every row must have the correct number of commas. **Files are sorted and processed as follows:** Sort by: provider ID, system transaction type (D, A, C), client, admit date All Delete rows are processed first for a provider and then Add rows followed by change rows.	FED SOMMS
2	RecordNumber	1, 2, (Number of Records)	number (10)	Yes		Any number unique in the file. It can be sequential and is for provider use only. This field is NOT used to match records.	STATE
3	ProviderId	UTNNNNNN	string (15)	Yes		**Key Field**. Identifies the provider of the alcohol or drug treatment service, the provider's National Facility Register (NFR) number. Must begin with "UT."	KEY FED SOMMS
4	ProviderClientId	Unique Client identifier	string (15)	Yes		**Key Field**. An identifier that is from 1 to 15 alphanumeric characters and at a minimum is unique within the provider. The identifier: 1. Must NOT be reassigned to another client, 2. Can be meaningless, and 3. Must ensure confidentiality of client records - must not identify the client 4. Only underscores are allowed. No other "special characters." *5. An individual should not have more than one ID*	KEY
5	AdmissionId	Admission Identifier	string (50)	Yes		**Key Field**. A unique Admission identifier will be used to tie SUD events back to Admit and Discharge episode data.	KEY STATE
6	SocialSecurityNumber	Client's SSN 999-99-9999=None 000-00-0000=Unknown	string (11)	Yes		The client's social security number. SSA modified the SSN assignment rules June 25, 2011, and SSNs are assigned randomly using all available numbers except those starting 000, 666, 900-999. We will also do not allow 123-45-6789 or 099-99-9999. Valid SSNs cannot be utilized by more than 1 client.	STATE
7	TransactionType	3=Discharge Data (Will not import any admission data)	number (1)	Yes		This field identifies the record as a discharge record. Only a value of 3 will be valid.	FED
8	DateOfAdmission	Date	MM/DD/YYYY	Yes		**Key Field**. The month, day, and year when the client receives their first direct treatment or recovery service.	KEY SOMMS
9	ServiceProgramType	0=Assessment 1=Detox. Hospital Inpat.	number (1)	Yes		**Key Field**. The service that the client is admitted or transferred into. See Supplemental Definitions for the definition of each service type.	KEY FED

	Name and Description	Allowed Values	Format	Required	% Unknown	Definition	Code
		2=Detox. Free Standing 3=Rehab/Res. Hospital 4=Rehab. /Res. Short Term 5=Rehab. /Res. Long Term 6=Amb. Intensive Outpatient 7=Amb. Outpatient 8=Amb. Detox. 9=Limited Treatment				*Records with codes 0, 1, 2, 8 and 9 are not required to have* *less than 5% unknown or missing.*	SOMMS
10	DateOfLastContact	Date	MM/DD/YYYY	Yes		The month, day and year when the client is last seen, physically, for a treatment service. Date of Last contact must be between admit date and discharge date. May be same as admit date or discharge date.	FED SOMMS
11	DateOfDischarge	Date	MM/DD/YYYY	Yes		The month, day and year when the client was formally discharged from the treatment facility or service. The date may be the same as the date of last client contact. In the event of a change of service or provider within an episode of treatment, it is the date the service terminated or the date the treatment for this service ended at a particular provider. Unless extenuating circumstances exist, a client should be automatically discharged. See Treatment Episode section for more detail on Automatic discharging.	FED SOMMS
12	DischargeReason	1=Treatment Completed 2=Left against professional advice (drop out) 3=Terminated by the facility 4=Transferred to another substance abuse treatment program or service/program type 5=Incarcerated 6=Died 8=Treatment continued under different funding source	number (1)	Yes		Indicates the outcome of treatment, the reason for transfer or discontinuance of treatment. Treatment completed: The client has completed their treatment episode. In most cases, this should mean that the client has completed at least 75% of their treatment objectives. Terminated by facility: The client was discharged due to facility rule violations, AWOL, criminal behavior, etc. Transferred to another substance abuse treatment program or facility: This code is to be used for all clients who have a change of service or provider within an episode of treatment. This would include a change in modality of service (change to a higher or lower level of care) or a lateral-step due to program expertise.	FED SOMMS
13	DateOfBirth	Date 01/01/0007=Unknown	MM/DD/YYYY	Yes	5%	The client's legal birth date. This field should only be coded as unknown (01/01/0007) if the client was admitted into detoxification services and the client left services prior to being capable of providing this information.	FED SOMMS
14	Gender	1=Male 2=Female 3=Nonbinary	number (1)	Yes	5%	Identifies the client's gender.	FED SOMMS
15	LastName	Last Name of Client 97=Unknown	string (30)	Yes		The last name of the client. Please limit the last name to 30 letters. Any names exceeding 30 letters will be reduced in the State database to the first 30 letters. *Please see the Supplemental Definitions for more details.*	STATE
16	FirstName	First Name of Client 97=Unknown	string (25)	Yes		The first name of the client. Please limit the first name to 25 letters. Any names exceeding 25 letters will be reduced in the State database to the first 25 letters. *Please see the Supplemental Definitions for more details.*	STATE
17	MiddleName	Middle Name of Client	string (25)	No		Middle name of the client. If there is no middle name or it is not available, leave it blank. Supply the full legal middle name where possible	STATE

	Name and Description	Allowed Values	Format	Required	% Unknown	Definition	Code
						and the middle initial if that is all that is available. Periods are not allowed. *Please see the Supplemental Definitions for more details.*	
18	Employment	1=Employed Full Time 2=Employed Part time 3=Unemployed 4=Homemaker 5=Student 6=Retired 7=Disabled 10 = Ages 0-5 20=Other "Not In the Labor Force" 97=Unknown	number (2)	Yes	5%	Applies to expected employment status upon leaving treatment. Employed Full Time: Working 35 hours or more each week, including members of the uniformed service. Employed Part Time: Working fewer than 35 hours each week. Unemployed: Looking for work during the past 30 days or on layoff from a job. Other "Not in the Labor Force": Not looking for work during the past 30 days. Data is to be verified by treatment staff.	FED SOMMS NOMS

Contrary to past business rules, this does NOT need to match the primary substance reported at admission. This code should reflect the actual situation of the client at Data is to be verified by treatment staff.	FED SOMMS NOMS

	Name and Description	Allowed Values	Format	Required	% Unknown	Definition	Code
20	SecondarySubstance	Same as field 19	number (2)	Yes	5%	Same as Substance Code Primary at Discharge, but for the secondary substance. Data is to be verified by treatment staff. This should not be the same as the Primary or Tertiary Substance Codes at Discharge	FED SOMMS NOMS
21	PrimaryFrequencyOfUse	1=No Use During Last 30 Days 2=1-3 Times During Last 30 Days 3=1-2 Times Per Week During Last 30 Days 4=3-6 Times Per Week During Last 30 Days 5=Daily Use During Last 30 Days 7=Unknown 8=Not Applicable	number (1)	Yes	5%	Identifies the approximate number of times the primary substance of abuse was used in the month prior to discharge. Response can be deduced based on the last known status of the client while in treatment. Data is to be verified by treatment staff.	FED SOMMS NOMS
22	SecondaryFrequencyOfUse	Same as Field 21	number (1)	Yes	5%	Same as Frequency of Use - Primary at Discharge, but for the secondary substance. Data is to be verified by treatment staff.	FED SOMMS NOMS
23	LivingArrangement	1 = On the street or in a homeless shelter 2 = Private residence - Independent 3 = Private residence - Dependent 4 = Jail or correctional facility 5 = Institutional setting (NH, IMD, psych. IP, VA, state hospital) 6 = 24-hour residential care 7 = Adult or child foster home 8 = Unknown	number (1)	Yes	5%	Private Residence - Independent = Individual lives alone or with others without supervision Private Residence - Dependent = Individual is living with parents, relatives, or guardians. Data is to be verified by treatment staff.	FED SOMMS NOMS
24	NumberOfArrests	0-96=Number of Arrests 97=Unknown This field was previously three characters. Only two are needed now, but either two or three are acceptable to avoid making changes to LSAA data systems. Unknown will change to 97.	number (3)	Yes	5%	This item is intended to capture the number of times the client was arrested for any cause during the 30 days PRECEDING the date of discharge from treatment. For clients whose treatment lasted less than 30 days, count arrests only back to the date of admission. Any formal arrest is to be counted regardless of whether incarceration or conviction resulted and regardless of the status of the arrest proceedings at the time of discharge. (Data was previously collected for the period between admission and discharge, regardless of the duration. NOMS asks for 30 days.) Data is to be verified by treatment staff.	FED SOMMS NOMS

	Name and Description	Allowed Values	Format	Required	% Unknown	Definition	Code
25	TertiarySubstance	Same as field 19	number (2)	Yes	5%	Same as Substance Code Primary at Discharge, but for the tertiary substance. *This does not need to match the secondary substance reported at admission It should reflect the actual status at discharge. This should not be the same as the Primary or Secondary Substance Codes at Discharge.* Data is to be verified by treatment staff.	FED SOMMS NOMS
26	TertiaryFrequencyOfUse	Same as Field 21	number (1)	Yes	5%	Same as Frequency of Use - Primary at Discharge, but for the tertiary substance. Data is to be verified by treatment staff.	FED SOMMS NOMS
27	MedicationAssistedTreatment	1=Methadone 2=No MAT 3=Naltrexone 4=Buprenorphine 7=Unknown	number (2)	Yes	5%	Identifies the planned or actual use of methadone, Buprenorphine or Naltrexone for medication assisted treatment as part of the client's treatment plan. Suboxone should be coded as "4 - Buprenorphine." Vivitrol should be coded as "3 - Naltrexone."	STATE
28	PrimaryDiagnosis	ICD 10 Code	String (10)	Yes		Submit most current primary diagnosis. No diagnoses are required if the client is a Co-Dependent/Collateral.	FED DIAG
29	SamhisClientId	SAMHIS Client ID	number (10)	No		SAMHIS client ID should be included or left blank until available	FED SOMMS
30	SocialSupportAttendance	2 = No attendance in the past month 3 = 1-3 times in past month 4 = 4-7 times in past month 5 = 8-15 times in past month 6 = 16-30 times in past month 7 = Some attendance in past month, but frequency unknown 97 = Unknown	number (2)	Yes		Clients participating in self-help groups, support groups (e.g., AA, NA, etc.) during the 30 days PRECEDING the date of discharge. As of July 1, 2009, new CSAT standard code values must be used and 'Yes' Cannot be left blank. Data is to be verified by treatment staff.	NOMS
31	TobaccoUse	1 = Never Smoked/Vaped 2 = Former Smoker/E-Cig 3 = Current Some Day Smoker/E-Cig User 4 = Current Every day Smoker/E-Cig User 6 = Use Smokeless Nicotine Only (In Last 30 Days) 97 = Current Status Unknown 98 = Not Applicable 99 = Former Smoking/E-Cig Status Unknown	number (2)	Yes	5%	This field is used to track the nicotine (both cigarettes, including e-cigarettes and smokeless tobacco products) usage of treatment clients. If clients use both cigarettes/vaping and smokeless tobacco, only keep track of the frequency of cigarette/vaping use. Current Some Day Smoker/E-Cig User - Occasional User	STATE
